

**More than 350 Investors and Active Traders to Attend Debut of
The World Money Show Hong Kong
17-19 March 2009 at The Grand Hyatt Hong Kong**

SARASOTA, FLORIDA, USA, 9 March 2009 —InterShow, organiser of The World Money Show Hong Kong, has announced that 350 private investors, active traders, and financial professionals will attend the debut of The World Money Show in Hong Kong, at The Grand Hyatt Hong Kong, 17-19 March 2009.

"Not since the 1930s have investors and traders been confronted with debt deflation, major bank failures, and steepening recessions, in almost all parts of the world except China, and an explosion in the role of all governments as they spend trillions of dollars on emergency stimulus. We ask: how will the world look when these crises finally ends?" said chairman and co-founder, Charles Githler.

The Githlers began hosting what have grown to become the largest of all investor conferences in 1978, which was the middle of the second worst bear market since the depression (that ended in 1981 with the DJIA trading at 777).

"For our savvy Money Show audience, this is the fifth bear market they have invested and traded through. They have come to rely on this unique opportunity as 'continuing education' for in-depth guidance and advice by renowned experts" said Githler.

The World Money Show Hong Kong, will feature more than 16 hours of keynote presentations, educational workshops, and interactive panel presentations for high-net-worth private investors and active traders. Speakers represent a veritable Who's Who of the international investment and trading community.

Experts Presenting at The World Money Show Hong Kong Include:

Steve Forbes, Chairman, CEO, and Editor-in-Chief, *Forbes*
